

Naman Nigam

Looking forward to work in a leadership position where I can earn respect and recognition with my efforts. In an organization, that along with its growth provides a platform to technically advance my nation and achieve my personal long-term goals coupled with my prior knowledge and experience.

RECENT PROJECTS

FortyBits — *A bit of contribution to the community*

- Working on contributing my learnings through and to the community via GitHub keeping in pace with the technologies I learn.

Collection Personalisation — *Bottomsheet for user preferences*

- Designed, collated, and deployed services to persist a user's currently preferred collections. - Build upon an algorithm to facilitate user choices with pseudo-AI.

Persona Recommendation and Analytics — *Over user content*

- Designed and developed a feedback pipeline integrating with event ingestion services. - Build recommendations and solve analytics experiences using it.

User Feeds — *Feed system for commerce and transaction*

- Design and solution for the user's timeline experience. - Work on content processing during the creation flow on [Flipkart studio](#).

Gamezone — *Gamification channel for user engagement*

- Complete ownership of the [Gamezone](#). - Work on the campaign management life cycle. - Build onto test non-functional aspects of QuizTime.

Document Service — *Stores documents for other applications*

- Co-owned enhancements rolled out in client contracts and redesigning service APIs. - Mentored others on a version based config override implementation.

WORKPLACES

Flipkart, Bengaluru — *SDET-I, SDE-I, SDE-II*

JULY 2015 - PRESENT

User Generated Content | User Engagement | Mobile API Development | Core Services Engineering | Mobile Engineering Team

Samsung, Noida — *Software Engineer*

JULY 2012 - JULY 2015

System Optimisation | Performance and Network Protocol Testing

EDUCATION

G. B. Pant Engineering College, Pauri — *B.Tech*

AUGUST 2008 - JUNE 2012

Computer Science and Engineering with 75.7% aggregate.

HSR Layout, Bengaluru
